“Basis for qualified opinion

The Statement of account of the Company as of 31 December 2017 presents trade and other receivables in the amount of BGN 6 628 thous. as disclosed in Notes 10. Trade receivables, 12. Other receivables and 33. Receivables from Related parties. The Company has over 90% overdue, unimpaired receivables of over one year. In our opinion, concerning receivables standing at BGN 3 068 thousands, the value of receivables exceeds the value of the net assets of the debtors, which gives rise to uncertainty whether the Company will be able to collect the full amount of its receivables.

As a result, we did not succeed in obtaining sufficient assurance that the carrying amount of the receivables presented in the Statement of account as of 31 December 2017 does not exceed their recoverable value. For this reason, we are not in a position to determine whether there are and what are the effects of the receivables presented like that, on the net assets of the Company as of 31 December 2017.

We have performed our audit in conformity with the International Standards on Auditing (ISA). Our responsibilities according to these standards are described in the section of our Report - Auditor's Responsibility for the Audit of the Financial Statements.

We are independent from Intercapital Property Development Special Purpose Investment Company in compliance with the Code of Ethics for professional accountants of the International Ethics Standards Board for Accountants (IESBA Code) together with the ethical requirements, applicable to our audit of the Financial Statements in the Republic of Bulgaria, and we have fulfilled our other ethical responsibilities in conformity with the requirements of the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.“
